## eliasobeid

master of science in computer science and engineering

Elias Khazen Obeid February, 1991 Danish citizen	2014–2016	<b>M.Sc.</b> Computer Science and Engineering The Technical University of Denmark Four semesters (120 ECTS) of four months each. Master thesis with the topic of machine translation and natural language processing.
Copenhagen, Denmark +45 7120 2991 elias@munk.ai github.com/obeyed	2011–2014	<b>B.Sc.</b> Computer Science  Six semesters (180 ECTS) of four months each. Bachelor project with the topic of genetic algorithms.
linkedin.com/eliasobeid	work e	xperience
language trilingual danish/english/arabic programming,	since 2018	<b>Co-founder &amp; deep learning consultant</b> Ambition to create leading research in natural language processing in Denmark. Our hope is to bridge the gap between research and product, such that state of the art deep learning technologies are no longer Silicon Valley proprietary assets.
markup, and tools Python, PyTorch, CUDA, C, C++, C#, Java, JavaScript, Ruby, Haskell (learning), SQL, NoSQL, ReQL,	2016–2018	Seez Built scalable and secure back-end to handle thousands of users on mobile apps. Server maintenance, file storage, and DNS hosted by AWS. Data crawling, data handling, and data processing. Applied deep learning techniques to approximate prices of the used car market.  The founder has a vision of making it easier and more transparent to sell/buy a used car. First round of investment on \$1.8M with an evaluation of \$6M.
